

## Summer Web Series

Amazon Student Programs launched our *Summer Web Series*, a program of virtual events designed to expand your knowledge of opportunities available for MBA and Master's students at Amazon. We invite all Career Center partners and student advisors to join and ask that you share this out with any incoming 1Y and 2Y students. We look forward to having you join us.

The goal of the *Summer Web Series* is to connect with students to:

- build awareness of the unique employment opportunities available at Amazon;
- create a community for connectivity; and,
- share examples of life at Amazon, navigating a virtual workplace, career progression, and resources for professional development.
