- First Years: Process for Accessing Job Postings & On Campus Interviews
 - During your second year, you'll have the option of accessing our Job Postings and On-Campus Interviews through [OWL-Careers](#).
 - In order to do this, you will have to complete the following:
 - Intake session with an advisor in the CDO (must occur in FALL 2018 semester)
 - CDO Online Course (if you completed an intake, you will receive an invitation for the course in Spring). Course includes attending an in-person Wrap Up Workshop towards the end of Spring semester.

- RSVP Etiquette
 - Please keep in mind that if you RSVP for a workshop or information session, and end up not being able to attend, you should cancel your registration in [OWL-Careers](#).
 - If it is too close to the start of the event and registration is already closed, please email a member of the CDO team to inform them you won't be making it.
- Reporting Offers in [OWL-Careers](#)
 - If you have received or accepted an offer, please be sure to report it in [OWL-Careers](#).
 - This not only allows us to maintain more accurate records of PMBA hiring trends, but it also prevents employers from continuing to reach out to you if you've already accepted a job offer, avoiding an awkward conversation 😊
