Amit Ramachandran

Amit Ramachandran for JSA

It's been 2 months since I'm here,
Overwhelming in the beginning, but now, I'm ready to steer

Before I began my journey, I got a call from my bae
She asked me "Should Amit (Alice) get an MBA?"

Made my decision, landed in the greatest country on the planet,
Had my first class at Rice with Professor Janet

It was "The International Launch Week",
I don't know about others, but I struggled to speak

I realized, to connect with others the accent is vital
Hence, for you I put up this subtitle.

“So why JSA?” You ask,
while sipping lemon tea taken from that cask

I say, “what pulls a team out of adversity?
Isn’t it a new perspective that comes out of diversity?”

I will be that person who brings diversity to the JSA committee,
While bringing the needs of 2020 to essentiality!

I still remember - my first after-party,
the bartender was dressed like Moriarty

He told me “Asian, White, Black or Brown,
Everyone’s welcome in H-Town.

Amit, Dominic, Barret – What’s in a name?
Homie, Habibi, Macha – it’s all the same”

Next question - “Diversity is good, what else do you bring to the table?”
I think about it, and it hits me like a moral from a fable

Not knowing where to begin,
I talk to a sample population ‘n’

Everyone’s friendly, no one’s ‘mean’,
I conclude what I had foreseen

“I will bring to the table - transparent discussions, debates and beers,
You can give me feedback and, in the end, say cheers!”

The dungeons of Valhalla will be the venue,
Weekly once, let’s increase its revenue

You can always reach out to me, even if I am on a vacation.
In conclusion, I will be a strong bond between us and the administration

Win or lose – election is a tough endeavor, no matter what - Rice Business forever.
